W. R. C. BANQUETED

GLENDALE MEMBERS ATTEND DINNER GIVEN BY KENSINGTON CLUB

Ladies of N. P. Banks Post, W. R. C., were invited by the members of the Redondo W. R. C., to attend an elaborate dinner given them last evening by the Kensington Club of Redondo. The Glendale guests went in a special stage and they had a very enjoyable time. Several after dinner speeches were made. Judge Miller of Redondo was a guest at the dinner. One of the G. A. R. Veterans of the city by the sea sent as a contribution to the feast a quantity of grapes, cantaloupes and tomatoes raised by him and all without irrigation.

Those attending from Glendale, as reported to The Evening News, were Mary Mulligan, Flora Pixley, Priscilla Houdyshel, Juliana Hayes, Lillian Peckham, Mary Rhae Sanford, Della Hapgood, Effie Ripley, Augusta Haeske, Gertrude Tisdale, Jane Little, Cordelia Augustus, Susie Peck, Alma Dutton, Stella Spear and two children, Lola Richards and Nina Richards.

Leaving for Toronto

Mr. and Mrs. J. B. Doner are leaving for the East, to be gone about six weeks. Mr. Doner has many relatives in Ontario, Can., whom he will visit, and says he knows where to get some real good fishing, and he expects to catch pike and pickerel three feet long. The Georgian Bay and the streams that empty into it are the greatest fishing waters in the world. Mr. and Mrs. Doner will also visit Mrs. Doner's relatives in Illinois and Kansas. Their daughter lives in Canada, near Toronto, and Mr. Doner says that they are going to get acquainted with some grandchildren they have never seen. This is Mr. Doner's twentieth trip to the old sod since he left it in 1876.

Canfield-Sawyer

E. L. Canfield of Los Angeles, and Mrs. Edna Irene Sawyer of 522 Oak street, were married in Ventura August 5. They motored up to that city and after their marriage continued on to the Yosemite for a bridal trip. They arrived at home yesterday and are now living at 522 Oak street, until they can build a home at 419 Myrtle street. Mr. Canfield owns a lot there, and his wife two adjoining it, and she expects to build for investment on one or both of these, while he builds the home on his. Mr. Canfield is a travelling salesman for a Los Angeles plumbing firm and it was on his regular trips to Glendale that he met and wooed his future wife, who was bookkeeper at C. E. McPeck's plumbing shop.

Bullis Eager to Work

In commenting upon the National Tractor Show, which will soon be held in Glendale, Wesley Bullis, of 1325 South Central avenue, said that he is longing for the coming of this important event, and he regrets that he is not physically able to jump right into the thick of the work and assist committees and all others interested in making this show a success. However, he is willing to do his bit, according to his ability.

HOME FROM IOWA

MRS. D. L. COLER RETURNS—BRINGS NEW GLENDALE CITIZENS WITH HER

Mrs. D. L. Coler and little son, Ralph, of 109 North Cedar street, arrived at home last night from Union, Iowa, where they went on June 9, to accompany the body of N. C. Gibbs, Mrs. Coler's father, to that place for burial. With her were her niece, Miss Ruth Gibbs, who came to make her home with the Colers in Glendale, and Mr. and Mrs. C. L. Fields and baby son, also relatives, from Marshalltown, Iowa, who are here to live. Mr. Clements had been working for his father in a photographic studio. He expects eventually to buy property here and settle down for life. Mr. Fields says this is the most wonderful crop year Iowa has ever known. Many fields of oats averaged sixty bushels to the acre and few went under forty, he says. The corn never looked more promising than now and it will put millions of dollars into the pockets of the farmers. Yields of from fifty to ninety bushels to the acre are forecasted by scores of growers.

BUILDING FIGURES

GLENDALE FIFTH CITY IN STATE IN VALUE OF JULY PERMITS, SIXTH ON COAST

Glendale was sixth among California cities in valuation of building permits for July. Los Angeles was first, then San Francisco, Oakland, Long Beach, Pasadena and Glendale. Pasadena was less than \$33,000 ahead of Glendale, with \$335,094 against our \$302,970. Santa Ana was next with \$275,550, then San Diego with \$261,327, Santa Barbara \$251,250, Berkeley, \$212,979; Sacramento, \$180,665; Stockton, \$174,198; San Jose, \$111,381. All other California cities were under \$100,000.

In this connection it is interesting to note that New York City, which as usual, held first place with \$18,646,975, showed a loss of 10 per cent from June's figures. Cleveland was second; Chicago, third; Detroit, fourth; Los Angeles, fifth and Philadelphia, sixth. Only twenty-seven cities showed permits in excess of \$1,000,000, as against thirty in June.

While the aggregate of permits issued in 196 leading cities of the United States showed a falling off of more than \$20,000,000 in July, 1920, from July, 1919, the twelve leading cities of California showed twice as great a valuation in July, 1920, as in the same month last year.

Many Valuables Missing

Mrs. E. O. Hettriche of 416 Hawthorne reported to the police yesterday that a young man who had been rooming at her home recently left suddenly and after he was gone she missed a diamond ring valued at \$200, also an opal, a sapphire, an onyx and two garnet rings, and a gold watch, the total value of the things taken reaching \$500.

Big New Transfer Truck

Robinson Bros.' Transfer and Storage Company yesterday added to their fleet of trucks a brand new 2½-ton Moreland with special swell front body, extra high. It was bright and shiny in red paint with yellow letters, the firm's regular colors. The Packer & White Auto Co. made the sale.

BANDIT CAPTURED

SECOND MEMBER OF TRIO CHARGED WITH BURBANK SHOOTING APPREHENDED

Domenico Gays, one of the three men suspected as having murdered Night Watchman Norman and seriously wounding Constable H. E. Purrier of Burbank on the morning of July 30, is in jail at Clifton, Ariz., and will be extradited. Officers are to go after him today. Gays is an Italian, twenty-seven years of age. Raphael Dalo, the first of the three suspects captured, laid all the blame of the shooting on his pals, Gays and Nick Torillo. The sheriff's office is greatly pleased over the apprehension of Gays and thinks it will not be long until the third member of the bandit gang is captured.

W. E. Palmer has informed The Evening News that Dalo, who is only twenty years of age, joined the Glendale Rifle Club organized by him three years ago. Though only seventeen at the time, Dalo was a good shot and seemed a quiet sort of a boy. He was working for his father then, on a ranch. H. E. Purrier was also a member of the Rifle Club.

Higgins in Ireland

T. F. Higgins writes from Ireland that he will be in Glendale soon. He says there has been very troublesome times in Ireland, and at present all railroad trains are stopped. Mr. Higgins was born in Ireland and came to the United States when a boy and engaged in the mercantile business. Prior to coming to Glendale about four years ago, he had been in the dry goods business on an extensive scale in San Francisco. His home in Glendale is at the corner of Wilson and Adams street.

High School Opening

Glendale Union High School will open on Tuesday, September 7, Monday being Labor Day. The printed courses of study for next year are ready for distribution now and pupils will get them next week at the office in the main building.

OLYMPIC GAMES

AMERICAN ATHLETES ARE LEADERS IN INTERNATIONAL CONTESTS AT ANTWERP

(Special Service to Glendale Evening News)

ANTWERP, Aug. 21.—The standing of the leaders at the end of today's Olympic contest was as follows: America 183; Finland 73; Sweden 72; England 67; Italy 21. The American team won the trials in the 400-meter relay race today. Summaries:

Hop step and jump, won by Timlos of Finland, Jansson of Sweden 2d, Almlof of Sweden 3d, Landers of Chicago 4th, Fahlin of Sweden 5th, Ahearn of Illinois 6th.

Throwing 56-lb. weight, won by McDonald of New York, Ryan of New York 2d, Lind of Sweden 3d, Diarmid of Canada 4th, Svenson of Sweden 5th, Peterson of Finland 6th.

300-meter walk, won by Frigerio of Italy, Parker of Australia 2d, Remer of New York 3d, McMasters of South Africa 4th, Maroney of New York 5th, Dawson of England 6th.

Decathlon, won by Loveland of Finland, Hamilton of Missouri 2d, Ohlson of Sweden 3d, Holmer of Sweden 4th, Nilsson of Sweden 5th, Wickholm of England 6th.

NEW BOLSHEVIK DEMANDS

WOULD CREATE POLISH CIVIC MILITIA REFUSING TO WAR ON RUSSIA

(Special Service to Glendale Evening News)

LONDON, Eng., Aug. 21.—The Bolshevik armistice delegates at Minsk have made additional demands upon Poland, according to the terms made public here by M. Kernenoff, a Polish trade commissioner. The new demands are:

Creation of a Polish "Civic Militia" to be composed of workers, and expected to refuse to take up arms against the Bolsheviks; that Poland should not allow troops of any foreign country to enter Polish territory; that Poland shall return rolling stock, cattle and military supplies taken from Russia. Otherwise the terms presented are precisely the same as those submitted to Premier Lloyd George, and which he advised the Poles to accept.

POLISH ARMIES CONTINUE OFFENSIVE

RETAKE LARGE TERRITORY FROM ENEMY; BIG ADVANCE IS MADE EAST OF WARSAW

(Special Service to Glendale Evening News)

WARSAW, Aug. 21.—The Polish armies are continuing their offensive and have retaken 10,000 square miles of territory from the Bolsheviks, it was officially announced here today.

The Polish communique said, "Our offensive in the direction of East Prussia is developing swiftly. East of Warsaw our troops have advanced fifty miles on a 120-mile front. We have taken 15,000 prisoners since Tuesday."

WARSAW STILL THREATENED

REDS CLAIM THEY ARE NEAR POLISH CAPITAL ON EAST AND NORTH SIDES

(Special Service to Glendale Evening News)

MOSCOW, Aug. 21.—The Bolshevik communique today claimed that Warsaw is still being threatened on the east and north sides. Fighting was progressing less than twenty miles from Warsaw, the Russians claimed.

ALLIANCE BETWEEN RUSSIA AND GERMANY

U. S. STATE DEPARTMENT GATHERING INFORMATION IN REGARD TO SECRET TREATY

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Aug. 21.—The United States government is gathering circumstantial evidence of an alliance, or understanding, between Russia and Germany. While Washington has no proof, it was officially stated additional reports indicate an existence of an agreement between Russia and Germany. Strictest secrecy is being maintained regarding sources of information.

TENNESSEE LEGISLATURE ADJOURNS

AFTER SUFFRAGISTS PRESENT MOTION TO RECONSIDER AMENDMENT THEN VOTE IT DOWN

(Special Service to Glendale Evening News)

NASHVILLE, Tenn., Aug. 21.—After a bitter debate, the lower house of the Tennessee Legislature adjourned until Monday, today, when it met without a quorum. Anti-suffragists absented themselves from the meeting, some having left the state, it was believed. Suffragists, however, presented a motion to reconsider the Federal Suffrage amendment, then voted it down. Anti-suffragists maintained that since no quorum was present that the vote will not count, and refused to take part.

VISIT IN NORTH

MR. AND MRS. FRANK C. WELLER ENJOY TRIP TO LASSEN CO. AND OREGON

Mr. and Mrs. Frank C. Weller, who have been spending the summer at Long Beach, are now at the home of Mrs. Weller's parents, Mr. and Mrs. Ed M. Lee, having just returned from a two-weeks' vacation trip in Northern California. Most of the time was spent with Mrs. Weller's uncle and aunt, Mr. and Mrs. C. B. Miltenberger, in Westwood, a little mountain town in Lassen County. Westwood has the distinction of being completely owned and operated by the Red River Lumber Company, the third largest company of its kind in the United States. Practically all of its 3500 inhabitants are employees of this company. Through the kindness of friends Mr. and Mrs. Weller were permitted to visit the mill and box factory, as well as to spend an interesting day at one of the lumber camps, where they witnessed the trees felled, saw the big logs being drawn to the cars both by the power of the donkey and by wheels, watched them loaded by the jammer, and after having lunch at the camp, accompanied a train of these logs back to the town. A 375-mile auto trip to Lakeview, Ore., with Mr. and Mrs. Miltenberger, was greatly enjoyed, particularly as it afforded Mr. Weller his first opportunity to hunt sage hens. The entire vacation was one long to be remembered by these young people.

Honor of Miss Lamberty

Mrs. Blake Franklin, of 398 West Wilson avenue, gave a kitchen shower yesterday in honor of Miss Margaret Lamberty, who is to marry Mr. Ralph Robbins of Whittier, September 1. Those present were Mrs. M. Lamberty, mother of the honoree; Mrs. Robert Hayes, Mrs. Milton Stadt, Mrs. A. W. Jenkins, Mrs. Price, Mrs. A. R. Chappell, Mrs. C. M. Van Dyke, Mrs. Frank M. Head, Mrs. Van Pelt, Mrs. E. H. Willisford, Miss Carol Willisford, Mrs. J. H. Franklin, Mrs. Maude Jackson, Miss Frances Jackson and Mrs. A. H. Russell.

Mrs. Franklin, Mrs. Chappell and Mrs. Head sang during the afternoon, after which refreshments were served. The gifts were presented in a large market basket, which was carried by Miss Josephine Franklin, and which was decorated with paper ribbons and ferns.

Visits Highland Park

John Robert White, candidate for the Assembly from the Sixty-first district, was invited to participate in a meeting held in Highland Park last evening, under the auspices of the Ebell Club. It has been reported that there were candidates for other offices present, and they too were called upon the carpet to explain as to the principles of their campaign platform. Mr. White's visit to our neighbor community was a very pleasant one, and he was greeted by many of his acquaintances.

Death of Louis Noble

Louis B. Noble passed away August 19, after a long illness. He lived at 209 East Broadway. Funeral services will be held in the Little Church of the Flowers this afternoon at 3 o'clock, Rev. R. W. Mottem officiating and the L. G. Seavern Company in charge. Mr. Noble was thirty-seven years of age and leaves a widow, mother and several brothers and sisters. He was a member of the Masons and A. O. U. W. in Grand Forks, N. D.

Wears the Flower

When in his real estate office at 123 North Brand, or when on the street, Lee Thomas is always sure to be wearing a small flower on the left lapel of his coat. Mr. Thomas informs us that this is a custom he formed when a small boy, being requested by his mother to constantly wear a flower. Since his mother's death, which occurred about three years ago, he has been more attentive than ever to obey her teachings in this particular. He said that when residing in Minneapolis it made no difference how cold the day, he would provide himself with a button hole bouquet and wear it, even if it became damaged by the frost. The practice followed by Mr. Thomas is a good one.

NEW TIRE PLANT

FACTORY OF COMPRESSION INNER TUBE COMPANY STARTS OPERATION

Motorists throughout the country were pleased to learn of the opening August 5 of the mammoth plant of the U. S. Compression Inner Tube Co. at Tulsa, Oklahoma.

This company has recently purchased a 12½ acre site north of Glendale on which it will construct a duplicate of the Oklahoma plant with an output of 1000 puncture proof inner tubes per day and will employ approximately 500 men and women shortly after manufacturing begins.

The machinery for the local plant is being constructed in the east and ground for the plant on the San Fernando Blvd. will be broken early in October.

Some very interesting demonstrations have recently been made in Glendale by the company's local representative, C. H. Black who has offices at 117 So. Brand Boulevard.

Building For Store

Newton L. Finch's new business building for a small grocery has just been started at 1200 South Glendale avenue, though he had the permit taken out for it more than two weeks ago. The building is to be 25x40 feet and of frame construction. Mr. Finch bought the lot on the corner of Palmer avenue and Glendale avenue a few weeks ago. It has a frontage of sixty feet. Across the rear, facing north, is a very attractive five-room bungalow, which Mr. Finch will occupy after he opens business. He is a bachelor, but expects to have some relatives live with him.

Deep-Sea Fishing

C. C. Cooper of the First National Bank and H. S. Webb of H. S. Webb & Co., with a party of Pasadena friends will enjoy a week-end fishing trip. They expect to leave Glendale at 5 o'clock in the morning, motor to the coast, charter a launch and try deep-sea fishing in Catalina waters. It is expected that they will come back with a large number of fish—stories.

Judge Palmer Calls

Judge Harlan G. Palmer, of Hollywood, was in Glendale last evening on his way from out of town districts, where he has been looking after the interests of his candidacy for Superior Judge. Judge Palmer is a man who stands well as a gentleman of intelligence and good judgment, and will be a vote getter at the primary election, August 31. One point in the candidate's favor is that he has the distinction, like the Ohio candidates, of being a country editor, he being the owner and publisher of the Hollywood Citizen, a weekly paper whose Palmer editorials are recognized as being good word sermons.

MRS. LYNCH

MOTHER OF HARRY B. AND EDWARD M. LYNCH IS AT REST

Mrs. Genevieve Lynch passed away suddenly Friday morning, August 20, at the home of her son, Harry B. Lynch, 314 South Brand Boulevard, at the age of sixty-three years. Mrs. Lynch had been in poor health for some months and her recovery was not expected, but the end came unexpectedly, nevertheless.

Mrs. Lynch is mourned by her husband, two sons, Harry B. and Edward M. Lynch, and one daughter, Mrs. Blethen of Alameda.

Funeral services will be held Monday forenoon in The Little Church of the Flowers, Forest Lawn Memorial Park.

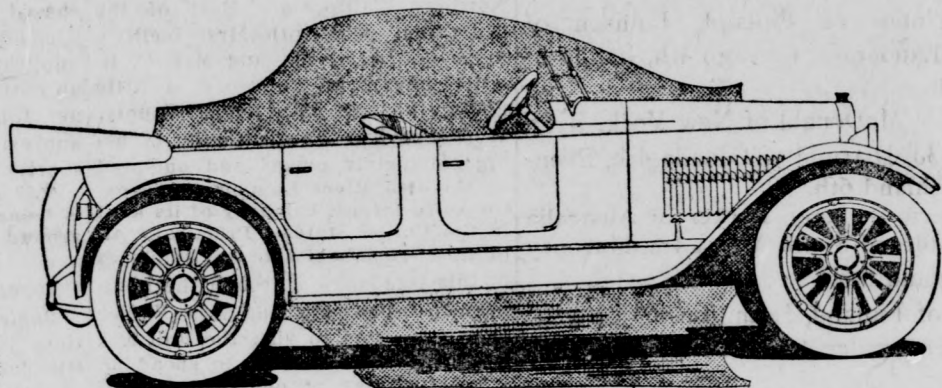

Guests From Indiana

A. E. Lamasters and wife of Indianapolis, Ind., are new arrivals in Glendale and are guests of Mr. and Mrs. J. Harry White. They drove through by way of Salt Lake City, and visited many points of interest on the way. They are very much delighted with California and find it much different in many ways from their home country. Mrs. Lamasters is a sister of J. Harry White of the real estate firm of White & Smith, and he will see to it that they do not get away from Glendale. They made the run of 3600 miles with a repair bill of only \$2.65.

BATTERY TESTS

A. S. KNOX ELATED OVER RECORD OF EXIDE IN RECENT SPEED EVENTS

Mr. Knox, manager of the local Exide Battery Service Station, is highly elated over the remarkable showing that has been made by the Exide Battery in prominent speed events this year.

"Take, for instance, a recent racing event—the International Motor Sweepstakes, held in Indianapolis on Memorial Day. Here was one of the most exacting tests of endurance to which a battery has been subjected. And yet, Gaston Chevrolet, an American driver, at the wheel of an American car, and in competition with some of the greatest stars of Europe and America, came in winner—using battery ignition and an Exide Battery.

"Not only was the speed of this race (88.16 miles per hour) a test of battery endurance, but the great length of the race as well—500 gruelling miles.

"And that isn't all," added Mr. Knox, his face lighting up with enthusiasm, "of the ten cars that finished the race, seven of them were Exide Battery equipped. Here's the order in which they finished, 1st, 3rd, 4th, 6th, 8th, 9th, 10th."

Someone reminded Mr. Knox that while 88.16 miles an hour was "some speed" for a 500-mile race, it was a snail's pace in comparison to what one driver had recently made in a five-mile straight-away course at Daytona Beach.

"Oh, yes, I know who you refer to," said Mr. Knox, "that particular speed king was Tommy Milton in a Duesenberg car who broke all world's records up to five miles with a speed of 156.04 miles an hour—averaged, most 3 miles a minute. I know about him; he, too, used battery ignition with an Exide Battery."

HEADLIGHT LAW

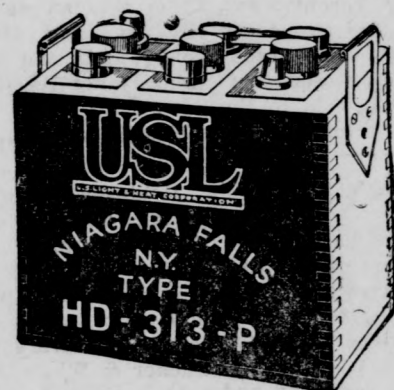

CALIFORNIA COURT RULES ON VALIDITY OF MOTOR VEHICLE ACT

The Supreme Court of California has just unanimously decided in favor of the validity and legality of the Motor Vehicle Act regulating automobile headlights, in the application of Lee H. Hinkelman for a writ of habeas corpus, brought in that court last month. The decision is sweeping and conclusive. Every regulation and requirement of the act is upheld as to the right of the state to establish the office of the testing agency, and the right of the testing agency to determine whether or not a light complies with the rules laid down in the act.

This decision will be received with genuine satisfaction by everyone. As no definite and concrete review of the act had up to this decision been had from the Supreme Court, the provisions of the act were necessarily still to be weighed in the balance. Prosecutions under the act were uncertain, and the users of various kinds of headlights were themselves sometimes undecided as to their rights or their obligations under the law.

The present decision clears the way. Officials of the state will now have no lingering doubts as to their rights. Users of automobiles and automobile trucks will know that they must obey the act implicitly. As ignorance of the law excuses no one, all users of automobile vehicles are urged to study this decision. It will be found in Vol. 60, California Decisions, August 6, 1920, pages 123 to 127 inclusive. Motorists are also asked to inquire at the offices of the Automobile Club of Southern California in order to acquaint themselves of their duties under this decision, where information without cost will be cheerfully given.

Train Dispatching

By Henry Wood
(United Press Staff Correspondent)
PARIS, Aug. 6.—(By Mail).—French railways have just decided to adopt the American telephone train dispatching system.

This constitutes the first and most important contribution to date to French industry resulting from the American intervention in the war and the American army's invasion of France.

There's just one fly in the ointment—at least in the mind of the average Parisian. The latter is fully convinced that if it takes the French train dispatcher as long to get a telephone connection as it does to get one in Paris, no train will ever get outside the city limits.

Nevertheless, the recognition of the superiority of the American method is genuine and complimentary to America.

The dispatching of trains by telephone, after being perfected in the United States, was later adopted in Canada, Italy, and on several English lines as well as in some of the English colonies. France still clung to the old-time system of train dispatching by telegraph which is slower and less sure.

No small sensation was caused in railway circles in France, when for the first time American army railway engineers and trainmen were seen to dismount from their train, hook up their little portable telephone apparatus at the nearest telephone post and telephone their dispatcher for instructions. What caused still more sensation was to see the American trainman get them, and that at once.

Owing to the terrific deterioration of French railways and rolling stock during the war and the difficulties of repairing them in France's present handicapped situation, it is only within the last few months that the French have been able to experiment with some of the newer and more practical methods introduced by the Americans.

The first experiment with tele-

phone train dispatching was made on the line between Paris and Chartres. It proved such a success that the other French companies immediately gave the system a tryout, the Eastern Company installing it at Nancy and the Paris-Lyon-Mediterranean utilizing it between Lyon and Dijon.

In each case the success has been so great as to insure the eventual permanent use throughout France.

This, however, will be slow as it involves not only a very heavy expense for installation, but also the retraining of the entire railway personnel of France.

To Monsieur Pie goes the distinction of being the first train dispatcher in France—although he and the rest of his fellow dispatchers will be known as "regulateurs." He is at present in charge of the first system between Paris and Chartres and to him falls the task of starting in to educate the future "regulateurs" for all the French railways.

Road of 1000 Washes

On the Santa Fe Trail, between the town of Topock, situated on the east bank of the Colorado River, in Arizona, and Yucca, thirty miles distant, is the "road of a thousand washes." This portion of the trail passes through the most desolate stretch of sandy desert imaginable, and after a trip over it, the jaded motorist agrees to the appropriateness of the nickname. It is replete with "arroyos" or "dry washes," caused by the terrific downpour of rain which comes but a few times during one season of the year.

The almost endless succession of crossing of these washes is bound to test any car, and all along this section broken car parts and decrepit tire casings are strewn.

This route was travelled by the Goodyear transcontinental truck which but recently established a new truck record from Los Angeles to New York, making the cross-country run in thirteen days, thirteen hours, fifteen minutes.

Deflated

Inflated

What Is The Compression Inner Tube?

Compression Tubes are puncture closing. The circumference of the tube is greater than the inside circumference of the casing. It is so moulded that its deep corrugations enables it to be slipped easily into the casing when deflated. After the tube is in the casing and inflated, the corrugations straighten out, conforming to the smooth surface of the tire. Instead of stretching the tube the air pressure compresses the rubber which closes the holes made by nails or tacks.

Compression Inner Tubes
Prolong the Life of the
Casing 20 to 50 Pct.

Compression Tubes maintain a uniform air pressure as the result of the absence of seepage of air and punctures. The greater resiliency obtained by the tube lessens the shock and wear to the casings made by obstructions in the road. The shock is largely absorbed by the increased thickness of the tube. Compression Tubes are so constructed as to practically eliminate the heating of tires by friction.

The Compression Tubes have been thoroughly tested and a practical demonstration will be made for any interested persons.

TRAFFIC SIGNALS

PAMPHLET ISSUED BY AUTOMOBILE CLUB PROVES VERY POPULAR

The little four-leafed pamphlet on Traffic Signals issued by the Automobile Club of Southern California is turning out to be as lucky as a four-leafed clover. State after state of the United States are writing to the club for copies of this folder, with the information that they are adopting this particular code of signals.

The signals are three in number, simple to learn, and practically impossible to forget, and their simplicity and efficiency have given them a wide reputation all over the country. Alabama, Vermont, Ohio, from the South to the East and the North, from the West and the Middle West the little pamphlet is making itself known, and is being adopted as the best system of traffic signals as yet evolved.

Members and non-members of the Automobile Club of Southern California are cordially requested to get a copy of this folder, either from the branch offices of the club in all of the Southern California Counties, or at the home offices in Los Angeles. If you do not know the signals, you do not know the game. Five minutes' close study may save five months in a hospital.

Plenty of Gasoline

The Committee on Arrangements for the American Legion and the Automobile Club of Southern California has been advised by the Standard Oil Company and the Union Oil Company that there will be an ample supply of gasoline for all visitors in San Diego during the convention of the American Legion, August 22, 23 and 24.

The preparations for the convention have been going ahead energetically, and Hal H. Hobson, San Diego manager of the Automobile Club of Southern California, has been active in the work with the various organizations and associations who are co-operating with the American Legion. With the authoritative announcement of a plentiful supply of gasoline, there will be a great influx of visitors to attend the festivities, and San Diego will be crowded with guests from all over Southern California.

BATTERY CARE

IT PAYS TO BE WATCHFUL IN HOT WEATHER, SAYS MR. CIZEK

"Nobody expects a man to stop his car a half dozen times on a boiling hot day just to see if his battery is getting too hot," says E. W. Cizek, Willard Service Station dealer, "but it pays to keep an eye on overheating when hot days and long runs are the rule."

"At noon and at night the careful driver feels of the battery terminals. If the terminals seem hot, he turns on the lights for an hour or two. This relieves the battery of its surplus charge. Unless this precaution is taken, the battery plates may be warped so that repairs will be necessary."

"Another thing to remember is that summer heat increases the evaporation of water from the cells. This water must be replaced. Many drivers make a habit of putting a little distilled water into each cell every week. Of course precautions must be taken against putting in too much. If a cell is over-full, some of the solution will slop out through the tiny vent at the top of the jar, and will cause rotting of the battery case, corrosion of connections, terminals and so on."

Organizations and associations who are co-operating with the American Legion. With the authoritative announcement of a plentiful supply of gasoline, there will be a great influx of visitors to attend the festivities, and San Diego will be crowded with guests from all over Southern California.

A program of vital interest and special attraction has been provided, and the convention promises to be one of the most enjoyable events of the year.

CAR OF ECONOMY

FORD USES LESS GAS IN TRAFFIC JAM THAN ANY OTHER CAR

The regulation of traffic is always a problem. Along Broadway at all the principal crossings the traffic guardian regulates the flow of cars, sometimes reaching from one crossing to the other waiting the signal to move on. Always the motors are turning over, no stop in the use of gas.

"Perhaps the busiest corner in the world is at the intersection of Broadway, Sixth Avenue and Thirty-fourth street in New York City. At that point three lines of surface cars cross, then there are both elevated and subway stations. But one rarely experiences an extended motor delay. Police supplemented by the proper railway supervision keeps both car and pedestrian flow steadily in motion."

"In these days of mounting costs and gas shortage why doesn't someone come along and invent either a stopless crossing or some method of motor regulation which will stop this waste of gas," asked L. B. Graves, Los Angeles manager of the Ford Motor car branch. "Think of the thousands of gallons the aggregate of all cars waste with each stopping, not alone here, but everywhere in the world. And the Ford owner as a matter of fact may well do his part. If for any reason the traffic holdup is of long duration, throttle down your motor, a little care on everyone's part, more thought, little economies here and there and every car owner will ultimately benefit."

"But Ford owners have this thought for self congratulation. When a Ford gets into the traffic jam its owner knows that it uses less gas than any other car. Equally whether in traffic or on the highway Fords are the cars of economy. Which brings us back," said Mr. Graves, "to the subject of stopless crossings. Can some Ford owner offer a suggestion whereby the motor may be cut down to a minimum turn over or a suggestion for stopless crossings?"

Overland

TRADE MARK REG.

27.2 Miles a Gallon

Atlantic to Pacific

Piloted night and day for seven and one-half days by 25 drivers who never before saw the car, a stock Overland wrote **ECONOMY** across the country. Over all kinds of roads for 3442 miles it averaged 27.2 miles per gallon of gasoline; 1721 miles per gallon of oil. The entire trip was made with the original tire equipment. Again, as in hundreds of great tests, Overland alloy steels and *Triplex* Springs made possible the record of this light-weight car.

A CONVINCING LETTER

418-418 SOUTH BROADWAY
LOS ANGELES

July 20, 1920

Lord Motor Car Co.
1015-17 South Grand
Los Angeles, Cal.

Gentlemen: It is a pleasure to tell you frankly that the reason we placed our order for one of the 1920 Velies is because we have had absolute satisfaction with Velie cars, running back a good many years.

Our main office in San Francisco has been using Velie automobiles for some years past. The 1918 Velie which we ran two years steadily gave us 731 days of exacting service. In our opinion Velie service begins with the construction of the body framework and finish. Going farther, we found the Velie quality prominently apparent in the motor, axles, bearings, universal joints, starting and lighting systems, batteries, top, and last, but not least, in its style. No one can deny that the Velie car of this year is a car of distinction.

Very truly yours,
THE WILEY B. ALLEN CO.,

By
2d-Vice Pres. & Manager

Besides the Lord Motor Car Co. there are the following Velie sales and service stations in Southern California:

- J. J. BARTON, LONG BEACH.
- H. N. BURTON, CHINO AND POMONA.

Trees Burned

City Forester Frank Marek says some people burning off lots are very careless about allowing fire to communicate to trees on lots and parkways and many have thus been ruined. He warns that prosecutions will follow if any more trees are thus destroyed.

Personals

James H. Searles and wife have sold their home at 378 Myrtle street.

Miss Sylvia Jackman returned home Thursday evening from a week's stay at Catalina.

Miss Laura Roberts has returned from her two weeks' outing at Balboa Beach, and is on duty at the library.

A new five-room house and a garage are going up at 448 West California avenue, for J. M. Hunter. They are to cost \$3000.

The approaches to the new Brand Boulevard bridges over the wash are being re-graded and oiled, as they had become very rough.

Mrs. Mary Paine, Mrs. Hannah Everett and Mrs. Lenora Godfrey will return tomorrow from a three weeks' outing at Santa Monica.

Mesdames Martha Carroll and Daisy Duff of Monterey Park, returned home Thursday from a two-weeks' visit with Glendale friends.

Mr. and Mrs. F. McG. Kelley are leaving today for La Jolla where they will spend a week. Mr. Kelley is the proprietor of the Glendale Plant and Floral Company.

Mrs. A. W. Jenkins, of 375 West Wilson avenue, leaves today on a trip to her old home in Varna, Ill. She will visit friends in Lacon, and other nearby towns.

Mr. and Mrs. Blake Franklin and son, Donald, of 398 West Wilson avenue, left last evening on a motor trip to Ojai and Lyons Springs, where they will spend the week-end.

Architect Arthur G. Lindley is preparing plans for a frame and plaster building to be erected at Long Beach for the Mexican M. E. Church. It will have one story and a basement.

Mr. and Mrs. T. W. Preston and Master Shirley, also Mr. and Mrs. W. W. McElroy and Pal are spending Friday and Saturday along the ocean at the mouth of Los Flores Canyon.

Mr. and Mrs. O. H. Jones' of 330 North Cedar street, who had been spending ten days at Long Beach, are at home again. Mrs. Jones is confined to the house with a sprained ankle.

Lee Kaster and wife have sold their home at 204 East Acacia avenue to F. L. Weisenheimer and will build a three-room garage home for temporary occupancy on their lot at 117 West Chestnut street.

Dean Hoopes of 346 Ivy, rode his brand new \$60 bicycle to the Palace Grand last night and parked it with other wheels there. When he came out to ride home his was gone. The theft was reported to the police at once.

Dr. Paine-Jackman, accompanied by her husband and their niece, Miss Sylvia Jackman, will go to Santa Monica tomorrow for a few weeks' vacation. Dr. Jackman will return to Glendale on Mondays and Thursdays.

Mrs. F. E. Barton of Phoenix, Ariz., is spending some time with her uncle and aunt, Mr. and Mrs. Ed M. Lee of 345 North Belmont street. Mrs. Barton will be better remembered as Miss Genevieve Gannaway of Spokane, Wash.

According to a report at police headquarters, D. J. Warnick of Tujunga, driving a truck, ran into an auto driven by W. D. Singleton of Azusa this morning at 7:30. Both machines were considerably damaged but no one was hurt.

Funeral services for Mrs. Bessie Miller, aged fifty-two, who died at her home, 216 West Sycamore, Eagle Rock, will be held Monday, 2 p. m., at the Little Church of the Flowers, with interment in Forest Lawn, Pulliam & Kiefer in charge. Deceased had many friends in Glendale.

Herman Paine, Jr., of 339 North Maryland avenue, had parked his auto in front of the Central Building yesterday and another machine, driven by Adam J. Bauer, bumped into him in the endeavor or its driver to park just behind him, breaking the intermediate gear of young Paine's machine and tearing the casing of one rear tire.

Guy B. Mize and Ralph M. Hayes of St. Louis, old friends of Rev. C. A. Cole, who are enjoying their first visit to California, came over from Pomona yesterday afternoon to spend a few days with their friend and former pastor. Mr. Mize is here to secure a location for the family, who expect to come out in September to live and Glendale is their choice.

Guy Thomas, of 123 North Brand Boulevard, and Merle Metherell, of 125 North Brand Boulevard, left yesterday for a camping outing near Bishop, this state. Young Thomas has not been in the best of health since he served in the World's War, he having been a member of the Gas Regiment and unfortunately he suffered from the effects of being gassed. The young men took a supply of fishing and hunting equipment with them.

THINKING

cost you nothing but will frequently bring large returns.

Let your mind dwell on this for a minute: Regardless of what a man's business may be very few widows can take their husband's places, at their death, especially if she be the mother of one, two or more children. Further, old age is not always lovable or able, physically to take care of itself. A man's children are not always parents to his second childhood. A sizable endowment policy is a good club to compel kindly care; if John and his wife fail to treat the old man kindly he can take himself and his policy over to James or daughter Mary.

Aren't these things worth thinking about? Action, however, is necessary as a supplement to your thinking. Don't delay.

Income and Endowment Specialist

Death of Mrs. Putnam

Mrs. Ellen F. Putnam, mother of Mrs. Blanche Gardiner, president of the Board of Trustees of Glendale Union High School, died last evening at 6 o'clock, from a stroke of paralysis, at the home of her daughter, 365 South Hill avenue, Eagle Rock. Funeral services will be held Monday, 10 a. m., in the chapel of the Putnam & Kiefer Undertaking Co., with interment in Forest Lawn Cemetery. Deceased was eighty years old.

Ainsworth Funeral

The funeral of Mrs. Caroline Ainsworth, who died Thursday at the home of her daughters, 403 North Louise, is being held this afternoon at The Little Church of the Flowers, with the Christian Science service. The body is to be cremated. Pulliam & Kiefer are in charge.

NOTICE

Beginning next Sunday, August 22, our store will be open three hours only, on Sunday (9 a. m. to 12 m.) 7:30 a. m. to 9 p. m. on week days, except Saturday, 10 p. m.

On account of the long hours in the drug business, and in consideration of our employees, we are sure by anticipating your drug wants a little earlier, this change will be of mutual benefit.

TENNIS MATCH

SIX BOYS IN TOURNAMENT AT CITY PLAYGROUNDS, MAGNOLIA SCHOOL

The first week's play in the Beginners' Tennis Tournament brought out some surprises and also disappointments for the boy players. Hearcel Shaffer leads the bunch with 1000 per cent. He has won from all five opponents in the first round and it looks as if he would continue his lead without a defeat.

Babe Frahm comes second with 715 per cent, losing only to Shaffer. Frahm bids fair to make good as a tennis player, being steady in the pinches and playing a more consistent game than Shaffer, though at times Shaffer's play is exceptional for his age.

Harold Martin comes next with 333 per cent. He is so small it bothers him to swing his racket, but with a short hand grip he keeps plugging away carefully, sputtering at his misplays and trying all the time. Lefty Denney comes next with 285. He has played in hard luck, losing out on too many net balls.

Wesley Gill registers 142 per cent and Newell Macklin ends the list through lack of practice with no games won.

The tournament is making a hit and is starting six boys into tennis in such a way as to make the game a pleasure to them for all time.

H. MITCHELL,
Playground Superintendent.

ELK BOWLING TEAMS

ENTERTAINED WITH OTHER CONTESTANTS IN RECENT TOURNAMENT BY L. A., 99

Members of the Glendale Elks' bowling team, and ladies, attended a dinner-dance given to the various teams who participated in the Southern Division Elks' Club Bowling Tournament, in the rooms of Los Angeles Lodge No. 99, last night. Those who attended from Glendale were Mr. and Mrs. Joseph Fortunato, Mr. and Mrs. Huesman, Mr. and Mrs. Claude Caswell, Mr. and Mrs. J. E. Foy, Mr. and Mrs. Bert Ward, Mr. and Mrs. Charles Letts, Mrs. Price, Miss Shula Crawford, Mr. and Mrs. John H. Fanset, "Duke" Claussenius and Morris Andrews. The menu for the banquet featured each one of the contending teams in a special dish.

It was as follows:
Fruit Cocktail "Glendale"
Radishes, olives and green onions "Anaheim"
Filet of Halibut, Pommes Parisienne "Santa Monica No. 1"
Roast young chicken, mint jelly, orange sherbet, "Los Angeles No. 1"
Peas en casse, snow whipped potatoes "Long Beach"
Head lettuce, with Thousand Island dressing "Santa Monica No. 2"
Brick ice cream with walnut layer cake "Pasadena"
Coffee "Long Beach No. 2"
Each lodge represented occupied a separate table.

After dinner, the prizes were awarded. Long Beach won the cup for the Southern Division. Santa Monica team No. 2 won the booby prize. Joseph Fortunato, of Glendale, won a prize for high average.

After the awarding of prizes, those present were entertained with fancy dancing numbers and singing, after which general dancing was indulged in.

Escrow Business Grows

The escrow work of the First National Bank has become so heavy that it is crowded out of the first floor quarters, so nearly one-half of the second floor, the rooms formerly occupied by Drs. Teel and Conrad, is being fitted up solely for this department and the change will be made about September 1. William A. Goss is in charge of the work for the First National.

Full Value Permits

An ordinance was recently passed in Marysville, this state, requiring the owner or contractor applying for a permit, to make a sworn statement to the City Assessor of the actual cost of the building to be erected.

SCHOOL COSTUMES

REGULATION SKIRTS, MIDDIES AND TIES ADOPTED BY THE SCHOOLS ON SALE AT H. S. WEBB & CO.'S

Glendale High School in common with other large schools of Southern California, has adopted a regulation costume for the girl students. This is to consist of a blue serge skirt, white middle with serge collar and tie. From school authorities, manufacturers and others we got all the information on this matter and then placed a large order for these skirts, middies and ties. The skirts are all-wool and the middies have detachable all-wool serge collars. Glendale girls can get the proper school costumes here and the prices will be as low as these goods can be secured anywhere. H. S. Webb & Co.—Adv.

WARM WEATHER WASH-DAY WORRIES

You may not mind the work and worry of wash-day when the days are cool, but in warm weather wash-day drudgery is intensified.

The woman who tries Glendale Laundry service dispenses with summer laundry troubles. She takes a minute to use her phone, one of our wagons calls for her bundle and returns her linen sweet and clean.

Death of Chas. F. L. Richter

E. K. Barnes received a telegram this morning from Mrs. Charles Richter, stating that her husband, Charles F. L. Richter died very suddenly yesterday, August 20, at the home on Burlington avenue, Chicago. The Richters formerly lived at 1201 Mountain street, just at the north end of Brand Boulevard. They sold this beautiful home about three years ago and returned to Chicago. Mr. Richter was sixty-six years old.

Woolwine to Speak

District Attorney Thomas Lee Woolwine will give an address in Glendale Monday evening, August 23 at 8 o'clock, on the street at Brand and Broadway in the interest of his candidacy for re-election. His subject will be "The Supremacy of the Law." This lecture is said to be non-political.

CORD TIRES

HAVE INCREASED TIRE MILEAGE
—GOOD RECORDS MADE
WITH GOODYEARS

Back in the early days of automobile tires, almost any mileage was satisfactory, nobody expected a tire to run very far anyway. Tire troubles then were catalogued something like high prices now, complained of but accepted. A little later tires were developed that would run 2000 miles and even 3500 miles. In fact for a number of years many tire manufacturers made this a definite mileage guarantee. But nobody today is satisfied with this mileage except where road conditions are very severe or the service extremely exacting.

Cord tires have boosted mileages greatly. A car owner who has taken advantage of their increased riding comfort and mileage is Mr. George Ketchum, a popular passenger train brakeman, running on the Salt Lake line between Las Vegas, Nev., and Los Angeles. Operating a Buick touring car over the various highways of Southern California, he has now driven his Goodyear cord tires upwards of 9000 miles without having removed them from the rim, with the prospect of many more miles of service before necessity of renewal.

TO LIMIT LOADS

MOVEMENT OF FOOT TO PROTECT
HIGHWAYS FROM OVER-
LOADED TRUCKS

What is indicated as a state-wide movement to limit the capacity loads of commercial vehicles on the highways in order to prevent further disintegration of the roads has been started throughout Southern California.

The significance of the move to motorists and trucking interests is this, according to officials of the Automobile Club of Southern California, that the state law in regard to the capacity loads of motor vehicles can be superseded by each individual county until the size of the loads can be greatly reduced.

At the present time the maximum load on a four-wheeled vehicle is 30,000 pounds, or 800 pounds to an inch of tire width. If your tires are seven inches wide then your load can be seven times 800 multiplied by four.

On metal tires, the load is limited to 600 pounds per inch of tire width.

These restrictions did not please Orange County, and so the state law, as quoted above, was modified there as follows, going into effect on August 7: The maximum load in Orange County is now 23,400 with a limit of 700 (instead of 800) pounds to an inch of tire width for pneumatic tires. On solid rubber tires the limit is 650 pounds. On metal tires the limit is 600 pounds to the inch.

What one county has done, an-

Product of Experience

Over one million on the road; 25 miles to the gallon of gas. "Ask your neighbor how cheap he runs his Chevrolet." These cars are fully equipped. other county can do—such is the law. Attorney Kelso of the Automobile Club, has looked into the case of Orange County, and found that there, they are going to protect their roads from unusually heavy traffic by a stringent limit. Consideration has been given the subject in other counties, notably San Bernardino, Tulare and Ventura.

Commercial motor vehicles loaded to capacity in Los Angeles County, for instance, setting out for Santa Ana must see that the load does not exceed the legal requirements as they exist in Orange County.

In view of the fact that road engineers are now engaged in a study of the highway construction of California to see what is needed to provide roads which will stand up under an increase of commercial vehicle traffic far beyond the dreams of any expert predictor of five years ago, the county movement to protect such roads as have been built from excessive loads is doubly significant.

If every county passed laws to bring the loads down below the present state limit, and each county provision differed from that of another, a certain amount of confusion would result, and for that reason it is probable that the Automobile Club will take steps to unify so far as possible the various laws as they are passed.

This will work no hardship on either motor truck manufacturers nor on commercial houses, it is pointed out, in view of the fact that what applies to one will hold true for all.

If it is necessary that such steps be taken in order to protect the roads from complete disintegration, then the truck and commercial interests will welcome the limit, it is believed by the Automobile Club, because if the paved routes should go to pieces from too heavy loads passing over them, then there would be no roads at all for motor trucks, and no delivery by truck from county to county.

Traffic Law Violations

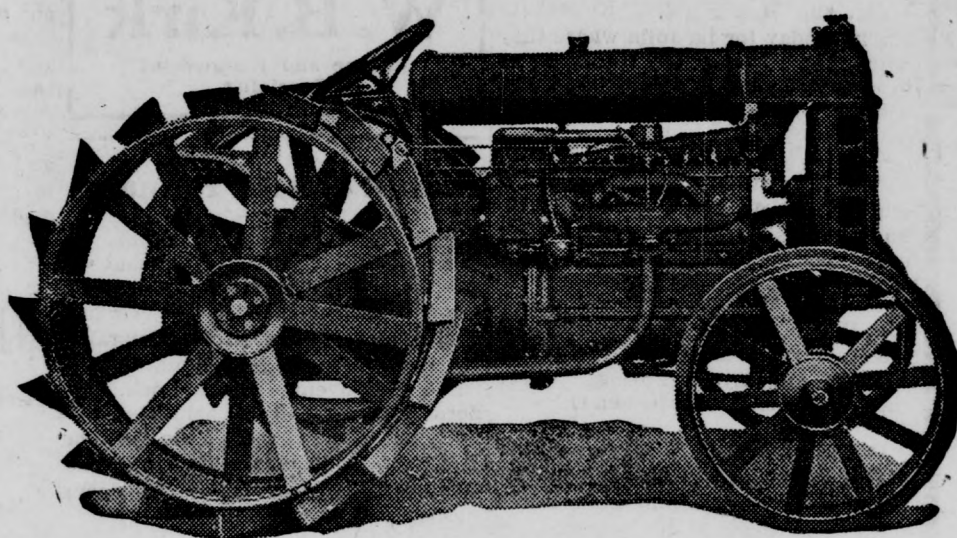

Thirty-one violators of the traffic ordinance faced Judge Lowe yesterday and drew fines of varying amounts. Six who had speeded up to thirty-five to forty-one miles an hour were assessed \$10 each. The majority of the cases were for turning between crossings. Judge Lowe says he is seriously considering the plan adopted by one police judge, who fines all speeders a dollar a mile with a jail sentence for over fifty miles an hour.

GAS FRANCHISE

NOTICE OF SALE OF FRANCHISE TO LAY GAS PIPES

To Whom It May Concern:

Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale for a franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas, under and along a certain portion of that public street known as San Fernando Road in the City of Glendale, and that it is proposed by the said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the terms and conditions herein mentioned and said franchise is described as follows, to-wit:

A franchise, granting the right for a period of forty (40) years, to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas, or artificial gas under and along that portion of that certain public street known as San Fernando Road in the City of Glendale described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the northern property line of that certain street in the City of Glendale known as Doran Street.

That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of said gas for domestic or manufacturing use, or for both such purposes.

That in event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said franchise, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the terminus thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb line in said street, and shall not be more than three feet to the macadamized portion of said road; and in the event that it is necessary to cross any portion of macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing,

specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purposes of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, their said Board of Trustees may immediately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner hereinbefore provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil be carried by

the said grantee, its successors or assigns through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is hereby given that sealed bids in writing will be received at the office of the City Clerk of said City of Glendale for said franchise up to 8:30 o'clock in the afternoon of the 7th day of October, 1920.

That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, provided only, that at the time of opening said bids, any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid, and no sealed bid will be considered unless said cash or check is enclosed therewith; and the successful bidder must deposit at least ten per cent of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately his bid will not be received and will be considered as void and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by the said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited and no further proceedings for the sale of said franchise will be had until the same shall be readvertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with the said Board of Trustees a bond running to said City in the penal sum of One Thousand (\$1000) Dollars with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder will construct said pipe lines and shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited. The Board of Trustees reserve the right to grant similar franchise over said street to any other person or company.

J. C. SHERER,
City Clerk of the
City of Glendale.

VOTE FOR REAGAN FOR CONGRESS

(FLOOD CONTROL ENGINEER)

The man who has done—

The man who is doing—

The man who will do—

Things worth while

In the 61st (Glendale) Assembly District, James W. Reagan's name is THIRD on the ballot

| Representative in Congress Ninth District | Vote for One |
|--|--------------|
| JAMES W. REAGAN | X |

CITRUS INDUSTRY: Better protected than ever before from ravages of flood menace, the citrus industry requires tariff protection. Reagan, the only consistent Republican candidate, by reason of extended acquaintance with men of national reputation, is better able to secure this protection than any candidate for Congress in this district.

FLOOD CONTROL AND CONSERVATION: The plans of the Flood Control District contemplate the following improvements:

| | |
|--|------------------|
| 9 dams in canyons of the Big Tejuja costing..... | \$ 15,000,000.00 |
| 1 dam in San Gabriel canyon costing..... | 4,000,000.00 |
| 1 dam in Pacoima canyon costing..... | 2,000,000.00 |
| 1 dam in San Dimas canyon costing..... | 600,000.00 |
| 1 dam in Live Oak canyon costing..... | 80,000.00 |
| Cost..... | \$ 21,680,000.00 |
| Dam at Devil's Gate (about completed)..... | 300,000.00 |
| Total Cost..... | \$ 21,980,000.00 |

With these dams completed the flood menace in Los Angeles County would be forever a thing of the past. Bids were this week opened for the dams in San Dimas and Live Oak Canyons; the money necessary for the remaining improvements is yet to be secured.

COUNTY CONSTRUCTION IMPOSSIBLE

Land in Los Angeles County is now assessed on a 50 per cent basis. Full bearing orange and walnut groves are assessed at \$300 per acre; other property under cultivation at from \$100 to \$200 per acre. This is the limit on taxation.

STATE AID PROMISED

In the state budget to be presented to the next Legislature, as announced last evening, the Board of Control have recommended an appropriation of \$3,000,000.00 for Flood Control and Conservation work in Los Angeles County. This recommendation is the result of a conference between Supervisor McClellan and Chief Engineer Reagan with the Board of Control, held at Sacramento last month.

FEDERAL AID AN ABSOLUTE NECESSITY

To secure Federal aid it must be shown that the improvements to be constructed will be beneficial to the entire nation and not local; and will result in an increased acreage of lands under cultivation, and a corresponding increase of food production.

THE POSSIBILITIES OF CONSERVATION

| | |
|--|---------------------------|
| It is estimated that the dams in the Big Tejuja will have a storage capacity of..... | 63,000 acre feet of water |
| The dam in San Gabriel canyon..... | 18,000 acre feet of water |
| The dam in Pacoima canyon..... | 10,000 acre feet of water |
| The Devil's Gate dam..... | 7,000 acre feet of water |
| The dam in San Dimas canyon..... | 3,700 acre feet of water |
| The dam in Live Oak canyon..... | 400 acre feet of water |
| Total acre feet of water thus stored, 102,100. | |

Reduced to gallons, this means a storage of nearly 36 billion gallons of water.

This would permit the cultivation of the more than 40,000 acres of tillable land in Los Angeles County, now arid and waste because of the lack of water. It will also mean that three times the above acreage in the same county now used for dry farming would produce with irrigation at least twice its present production.

The creation of power is another factor for consideration. In the Pacoima dam alone would be produced 1,700 horse power for six months of the year.

These improvements are bound to come; and will come. To finance flood control and conservation projects of this magnitude requires the united efforts of the Federal, State and County Governments. To amply protect from destructive floods the thousands of acres in Los Angeles County now under cultivation; and to bring into cultivation the thousands of acres in the same county now unproductive, or partially productive, is well worth the time, and the effort, and the money that will be required.

JAMES W. REAGAN CANDIDATE FOR CONGRESS

James W. Reagan is a candidate for Congress at the request, not of professional politicians, but of the leading Flood Control and Conservation people in Los Angeles County. People who know Reagan, who know his work with the County Flood Control District, and who know of his 36 years of active, successful engineering experience, and who recognize his knowledge of Los Angeles County and its needs as no other man in the county does, believe James W. Reagan to be the best qualified man in the State of California to bring the necessity for, and the advantages to be gained by, Federal aid for Los Angeles County for these purposes before Congress.

Your support and vote on August 31, 1920 for JAMES W. REAGAN for Congress is solicited.

REAGAN FOR CONGRESS ORGANIZATION.

Where Is Alexander?

The question "Where is Alexander street?" is frequently heard these days from readers of The Evening News, who scan the building news day by day. Alexander street extends from North Pacific avenue west to Chester, between Doran and Milford. It is in the midst of a big vineyard that formerly occupied a very large acreage in what is now the western part of Glendale. Building on this street has but recently begun. Already three houses are nearing completion and foundations are in for two more.

NOTICE CALLING FOR BIDS

Sealed bids will be received by the Board of Trustees of the City of Glendale until 7:30 p. m. on Thursday, September 2, 1920, to deliver the following poles F. O. B. cars, Glendale, Cal.
1 Car load 8" Top 40 ft. Poles.
40 8" Top 45 Ft. Poles.
20 8" Top 50 Ft. Poles.
Poles to conform to the Western Red Cedar Association's specifications and to be butt treated as per Treatment B of the above association. The Board reserves the right to reject any or all bids.
August 19, 1920.
J. C. SHERER,
City Clerk.

299t1

ELECTION POSTPONED

Owing to the fact that no nominations for the positions were filed within the limits fixed by law, the call for the election to be held August 24th, 1920, has been revoked. At the next meeting of the Board of Trustees, a call will probably be issued for an election to be held September 28th, 1920 for the selection of fifteen freeholders to prepare a Charter for the City of Glendale. The last date to register as a voter in this election will be August 28th, 1920. Nominations must be filed by 12 o'clock noon, September 8th, 1920.
J. C. SHERER,
City Clerk.

299t2

RE-ELECT HIM AT THE PRIMARIES!

Jonathan S. Dodge announces his candidacy for re-election as Supervisor of the Fifth District. Mr. Dodge bases his claims for re-election upon his record as a public official.

At the present time, the County of Los Angeles owns property valued at Seven million dollars, and has loaned out to the banks of the County on approved security more than Eight million dollars. In addition, the County has \$1,200,000.00 of surplus funds invested in Liberty Bonds and Treasury Certificates.

On entering office, the General Fund of the County was overdrawn \$2,521,678.46. The balance in the General Fund March 31st, 1920, was \$2,444,269.74, a net gain of almost Five million dollars. —Adv.
